

# PROJECT MANAGEMENT CHALLENGE 2006

## *Third Annual NASA Project Management Conference*

### BIOGRAPHY

**Mr. David G. Rogers**  
***Senior Safety Engineer***  
**SAIC**

**Biography:**

David Rogers is currently applying 20 years of expertise in aviation and aerospace operations as a Senior Safety Engineer in the Shuttle Safety & Mission Assurance Directorate at JSC. In addition to his technical knowledge, much of his work and passion has centered on organizational culture, team dynamics and developing methods to optimize team performance. He has brought these techniques to military and commercial aviation flight crews, NASA, FAA, the nuclear power industry, and the fire service.

As a result of this work, Mr. Rogers has been recognized by the NASA Administrator, the United States Senate and has received two Armed Service Medals of Commendation and a United Space Alliance Employee of the Month Award.
